FEATURE

■ Ultra-slim design for great maneuverability

The WPL202 features short chassis length 470mm and small turning radius 1320mm, making it a agile helper in tight spaces and lorries. This compact truck accommodates 2 units in a box compared to 1 unit of the EPT20-20WA, that can reach as high as 50% of ocean freight charges reduction.

■ Lithium technology with integrated charger

The WPL202 comes with 24V/100Ah Li-ion battery and 24V/30A integrated charger as standard, which offers high availability to multi-shift works, thanks to fast and flexible charging and zero maintenance.

■ Unique synchronous castor wheels ensuring stability

The optimized castor wheels qualify the WPL202 for excellent stability and gradeability when handling materials on uneven surfaces and ramps.

■ Reliability enhanced by mature components

The WPL202 adopts market-proven components with reliability and durability enhanced greatly.

■ Keypad option for daily convenience

As an option, the WPL202 can be fitted with the keypad to replace the key for daily convenience.
